

IMPORTANT NOTICE

A large number of today's laminates characterize the rich look of real stone with up to a 5 foot repeat on the pattern. Although beautiful and modern looking, some patterns have distinct flecks, veins and colour variations This can cause issues of proper aesthetic looking mitres, butt joints and also dimensional colour differences. Caution should be communicated to all customers, and larger samples should be shown first whenever possible before the final sale.

For more specific details, please contact our office.
